

GCIK(Gaming Club of IISER Kolkata)

Introduction

GCIK (Gaming Club of IISER Kolkata) is the official gaming club in IISER Kolkata that brings together gaming enthusiasts on campus. The club provides a platform for students to connect through video games, esports, and other interactive gaming activities, fostering both recreation and community building. The club is known for organising gaming nights, tournaments, and multiplayer gaming events that encourage participation from students across different batches. It also promotes teamwork, strategic thinking, and healthy competition while creating a fun and inclusive environment for students to unwind and connect with their peers.

Activities:

- Organising gaming nights and weekend gaming sessions.
- Conducting esports tournaments and friendly competitions.
- Promoting multiplayer and team-based gaming experiences.
- Facilitating interactions among students with shared interests in gaming.
- Participating in and encouraging inter-institute esports events.

Objectives:

- To create a vibrant gaming community within IISER Kolkata.
- To provide students with a healthy recreational outlet alongside academics.
- To develop teamwork, strategic thinking, and communication skills through gaming.
- To promote esports and competitive gaming culture on campus.
- To foster social interaction among students with diverse interests.
- Promote Awareness of the Gaming and Esports Industry

Achivements

- Successfully organised regular gaming nights, LAN events, and inter-hostel tournaments, fostering collaboration, teamwork, and student engagement.
- Conducted competitive esports tournaments featuring popular titles such as Valorant, BGMI, CS2, Marvel Rivals, and other multiplayer games, attracting widespread participation from the student community.
- Played a key role in organising **Headshot**, the flagship esports event of Inquivesta, providing a competitive platform for gamers from multiple institutions.
- Represented IISER Kolkata in inter-institute esports competitions and promoted participation in the growing Inter-IISER esports ecosystem.
- Created an inclusive environment for gamers of all skill levels through mentoring, community events, and collaborative gameplay sessions.
